To ensure our Y is serving today’s generation with an eye to the next, we need purposefully designed spaces to offer the types of programs and services children and adults need. Our facility is the tool that helps us deliver on our mission. With limited space, an aging infrastructure, and barriers to access, we know we must do more.

We’re reaching out to the community to support our Capital Campaign to help us positively impact future generations and the more than 10,000 people we serve each year.

You can help make this happen.

Since 1878, the Newport County YMCA has served generations of families, providing access to the resources they need to be healthy, confident, connected and secure.
EXPANSIONS AND RENOVATIONS WILL:

• Create a welcoming and inclusive lobby and central meeting space
• Relocate and expand the Wellness Center

• Create more group exercise rooms for all ages, abilities and interests
• Renovate drop off and pick up and expand parking by 100 new spaces

COMMUNITY IMPACT
