TEAM BUILDING PROGRAMS

The Newport County YMCA Team Building Program is a great way for schools, non-profit organizations, youth groups, and corporate businesses to build teamwork skills, developing trust, and establishing communication with one another. Our program focuses on setting goals, building self-esteem through leadership activities, and making difficult decisions under pressure. The YMCA provides certified staff to lead these groups through a variety of activities. In addition to group activities, we provide safety training, group discussions relating to the activities, and personal goals to reach during the activities.

Team Building Options may be booked for 2, 4, or 6 hours only. Please contact Zach Simpson by email at zachs@newportymca.org if this does not meet your requirements; we strive to accommodate all group needs within reason.

ROPE COURSE

COURSE ELEMENTS

High Ropes Course takes you 45 feet above the ground! In the high ropes course, each participant will have the opportunity to traverse a tight-robe, walk across a balance beam 30 feet in the air, jump from a platform to a trapeze, and many other adrenaline inducing activities!

All of our high elements use a harness and ropes safety system with highly trained staff.

Low Ropes Course allows participants to work together as a team to balance on wires, use boards to create bridges and more! Groups rely on safety training and activity goal focusing to succeed on elements 0-3ft off the ground. Our experience staff will guide your group through a series of activities that will progress in intensity. Staff members will provide open ended questions and encourage groups to discuss the successes and challenges in debriefing sessions.

The Low Ropes Course is an excellent tool for teambuilding and leadership development.
