

# BUILDING BLOCKS FOR THE FUTURE

Child care and preschool programs play a critical part in the success of both children and their parents. Pre-K programs lead to better outcomes for children both in school and the years beyond. For families, access to high quality, reliable and affordable child care is a game changer. For parents to work outside the home, especially in a full-time capacity, they need to know their children will be well cared for.

**To ensure all families have access to quality care, we offer financial assistance to help offset costs.**

**2 IN 5**   
KIDS IN OUR CARE RECEIVE SOME KIND OF FINANCIAL ASSISTANCE

**TODAY, OUR COMMUNITY NEEDS MORE CHILD CARE. YOU CAN HELP US MAKE THAT HAPPEN.**

**YMCA MISSION:** The Newport County YMCA is an association of people of all ages, ethnic origins, religious affiliations and socio-economic levels. The basis of the association is founded in Judeo-Christian values, and its purpose is to significantly improve and positively influence the quality of life and social well-being for our members, our families and our community. Emphasis is placed on the whole person through the programs and activities that help develop spiritual, mental and physical well-being.
